What is the PRCCDC?

The annual Pacific Rim Collegiate Cyber Defense Competition (PRCCDC), open to two and four year colleges and universities, serves as the regional competition for the National Collegiate Cyber Defense Competition (NCCDC). The event provides students with real world challenges while maintaining a corporate network.

The 2025 Competition will be March 21st and 22nd at South Puget Sound Community College, Olympia WA. The Job Fair will be on March 23rd.

Why volunteer for PRCCDC?

The success of the event comes from support of industry partners and volunteers like you. As a volunteer, you have the opportunity to contribute to a real world cybersecurity and information assurance experience not replicated in a typical classroom, while seeing how students work under pressure. **We need YOU!**

Volunteer Opportunities

Orange Team Members

Would you like to help students understand the need for excellent customer service while following proper security protocols?

Team members will:

- Help college students learn the importance of good communication skills

- Pose as an upset customer who calls because of various issues

- Have a great time.

Team member responsibilities:

- Team members are expected to be available Friday and Saturday of the competition.

- Attend virtual training on how to provide a learning experience for the students while having fun.

Red Team Members

Are you an experienced pen tester? Have you ever wanted to see what it would be like to attack a network in a systematic fashion?

Team members will:

- Execute all attacks in a coordinated and agreed upon fashion.

- Execute attacks that support the learning environment.

Team member responsibilities:

- Team members must document all attacks in real time as directed by the Red Team Lead

- Team members are expected to be available Friday and Saturday of the competition.

- Be vetted on level of ability and attend virtual training on how to provide a learning experience for the students while having fun.

All members of the Red Team are added or removed at the discretion of the Red Team Lead.

White Team Members

Are you experienced in information assurance or network security?

Would you like help current students understand what network security is like in the real world?

Want to be one of the judges to ensure the student competitors meet their deadlines for deliverables?

Team members will:

- Help college students learn about corporate information assurance.

- See how the PRCCDC is run.

- Have a great time.

Team member responsibilities:

- Team members are expected to be available Friday and Saturday of the competition.

- Attend virtual training on how to provide a learning experience for the students while having fun.
